In compliance with the laws of the Commonwealth governing elections, the Town Hall was fitted up as a polling place, a space railed off and booths and shelves provided for the use of the voters, to examine and mark their ballots.

The ballot boxes were examined by the Moderator and the Town Clerk, and were found to be empty and the register set at zero.

The keys were then delivered into the custody of Constable John Duffy, and remained in his custody until the close of the meeting.

The polls were then declared open for the reception of votes for Town Officers at five minutes after six o'clock in the forenoon, and remained open until five o'clock in the afternoon, at which time, after due notice, they were declared closed.

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, March 5, 1918.

I hereby certify that I have this day appointed Edna C. Pierce, Assistant Town Clerk, and that she has taken the oath required under Chapter 25, Section 62 of the Revised Laws, for the faithful performance of her duties.

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, March 25, 1918.

Pursuant to adjournment, the citizens of Arlington qualified to vote in elections and Town affairs met in the Town Hall, in said Town, on Monday, the twenty-fifth day of March, and were called to order by the Moderator, Jacob Bitzer, at thirty minutes after seven o'clock in the evening.

On motion of Mr. Devereaux, Article 3 was taken up.

Article 3 (Reports of Committees).

Voted, on motion of Mr. Devereaux: That the reports of the various Town Officers, as presented in their own reports, together with the additions of the tables of Statistics of Assessors and Committees heretofore appointed be accepted.

Mr. George H. Shirley, Secretary, presented the report of the Committee on School Sites as follows, and the report was received, accepted as progressive and ordered filed. The report:

Arlington, March 1, 1918.

Your Committee, appointed at the Town Meeting of December 7, 1916, under the vote that a Committee of Five be appointed to investigate and select suitable sites for school buildings, one in the vicinity of Franklin and Warren Streets, one in the Crescent Hill Section, one near Mystic Street and one in the Lake Street District, have already reported on one in the Franklin and Warren Streets section and the Town purchased the lot last year.

Following out the vote of the Town that the committee should report on locations in the Crescent Hill, Mystic Street and Lake Street districts at the Town Meeting of March, 1918, we respectfully submit the following report:

Your Committee has held a number of meetings and has visited the different parts of the Town mentioned. After an extended study of the school situation and the financial condition of the Town and after a conference with the School Committee, the School Site Committee believes the interests of the Town will be best served by purchasing one lot this year instead of three, as called for by the vote of the Town, and by a vote of the Town instructing the Committee to report on the other lots at the Annual Town Meeting in March, 1919.

The committee recommends that the Selectmen be and

hereby are authorized and empowered in the name and behalf of the Town to acquire by purchasing, by taking or otherwise for municipal purposes a certain parcel of land containing 3.48 acres as shown on plan entitled:

Plan of land in Arlington Heights owned by Charles A. Peirce as prepared by George E. Ahern, Town Engineer, for the School Site Committee.

That the sum of $6000 be hereby appropriated for the purchase of said property; $2000 to be taken from the tax levy of 1918, and for the purpose of raising the balance of $4000 that the Treasurer is hereby authorized and empowered in the name and behalf of the Town to issue four serial notes therefor of $1000 each, one being payable in 1919, and the remaining notes to be payable one in each of the succeeding years thereafter. Said notes to be signed by the Treasurer and countersigned by the Selectmen, and to bear interest not to exceed four per cent payable semi-annually, and to be designated on the face thereof "Crescent Hill Purchase of 1918."

The Committee wishes to thank the various Town Officials who have so kindly aided us in our work and other citizens who have furnished us with valuable information.

W. IRVING MIDDLETON, *Chairman*,
GEORGE H. SHIRLEY, *Secretary*.

Mr. Howard B. S. Prescott presented the following report of the Committee appointed to investigate the Mill Street proposition for a Town Yard, and to further study the possibilities of the present Town Yard. The report was offered as a report of progress and was received and accepted as such and ordered filed. The report:

The Committee appointed in accordance with the vote under Article 8, in the Warrant for the Town Meeting of April 25, 1917, was instructed "to investigate the Mill Street proposition" and "authorized to study the present Town Yard."

The recommendation was evidently expected, either to abandon the present Yard and purchase property available from Mill Street for this use or additional land to develop the existing location. Some consideration of arrangement of buildings should be included to show relative fitness of the two

properties, as the request for part of these would follow the selection of the site.

The present condition of the Town finances and the high cost of materials would seem to make any unnecessary expenditures uncalled for, and the time not favorable for a fair consideration of abandoning Town property now in use, or purchasing of any new land to lay idle for several years.

In any event, the Board in charge of the present property will probably be obliged to do some necessary construction, if only temporary, before a suitable development could be completed so no serious damage would result from postponement.

Therefore, the Committee feels that a proper comparison of the respective locations can well be delayed until the conditions are better for financing the project. Also, that this meeting should determine as to whether the Committee should be relieved from further consideration of the matter, or that this should be accepted as a report of progress.

Respectfully submitted,

H. B. S. PRESCOTT,
W. S. FAIRCHILD.

On motion of Mr. Devereaux, Chairman of the Finance Committee, the report of that Committee was taken up.

Article 3 was then laid on the table.

Voted: That the various articles in the Warrant be now taken up and that the recommendations of the Finance Committee under the articles in their report be considered as now before the meeting to be voted upon without further motion separately and in the order in which they appear in said report.

Article 28 taken up. (Acceptance of Oxford Street.)

Voted, by a two-thirds vote: That the Town Treasurer with the approval of the Board of Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1918, and to issue a note or notes therefor payable within one year. Any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 27 taken up. (Proposed relocation of Bow Street.)

The Committee recommended that no action be taken. Mr. Birch presented a petition from some of the residents on the street and asked that the Joint Board be given permission to petition the County Commissioners for a relocation of the lines

of this street. The Chairman of the Finance Committee, replying, stated that the Committee had very carefully considered the whole proposition and found that Mr. Birch was practically the only one financially benefited by this proposed relocation, which would be very expensive to the Town. It was then

Voted: That no action be taken under this article.

Article 33 taken up. (Finance Committee of Twenty-one.)

Voted: That the Moderator of this meeting, together with the Chairman and Secretary of the present Finance Committee of Twenty-one are hereby appointed a Committee to nominate and report to this meeting a Finance Committee of twenty-one citizens, representing all sections of the Town, to serve until the end of the Annual Meeting of 1919; fourteen members to be selected from the present Committee, provided they will serve; the other seven to be newly appointed. That no person holding an elective Town office shall be eligible to serve on said Committee. To this Finance Committee are hereby referred all Articles in any Town Warrant issued during the term of office. Said Committee shall, after due consideration of the subject matter of said Articles, report thereon, in print or otherwise, to the Town Meeting, with such recommendations as it shall deem best. Said Committee shall choose its own officers and have power to fill vacancies.

The following citizens were nominated and elected to serve on this Committee in accordance with the foregoing vote:

Article 4 taken up. (Appropriation for Robbins Library.)

Article 5 taken up. (Appropriation for Schools.)

Voted: That the sum of $163,109 be appropriated for the public schools for the year 1918. That for this purpose $15,000 be taken from the unexpended balance, $148,109 be raised by general tax, $3,000 to be expended for general repairs, $750 for the maintenance of Spy Pond Athletic Field, $1,000 for the extension of the home garden work, $600 for the tuition of pupils in state-aided technical schools, $300 for School Physician, the same to be expended under the direction of the School Committee.

This increase over 1917, $22,264.30, is due principally in two causes:

Increased salaries on account of high living cost	$18,979
Additional fuel costs	3,100
	$22,079

Article 9 taken up. (Memorial Day.)

Voted: That the sum of $250 be appropriated for the proper observance of Memorial Day, the same to be paid to the Quartermaster of Francis Gould Post 36, G. A. R., and to be expended under the direction of officers of Francis Gould Post 36, G. A. R.

Article 12 taken up. (Permanent Sidewalks.)

Article 17 taken up. (Street Lights.)

Voted: That the sum of $14,000 be appropriated for street lighting for the ensuing year.

Explanation: The Committee feels that the Town should return to the one o'clock schedule lighting system in view of coal and general conservation and the probable reduction of transportation facilities. The benefits of all night lighting are inconsistent with the expense incurred thereby.

The appropriation provides for all night lighting in the civic center.

Article 20 taken up. (Gypsy and Brown Tail Moths.)

Voted: That the sum of $5,500 be appropriated to be expended during the year ending December 31, 1918, under the direction and control of the Selectmen in suppressing the gypsy and brown tail moths in the Town of Arlington, in accordance

Explanation: It will be noted that the Committee approves the Department's request for maintenance and general expenses, and has increased the amount requested for care and repair of streets, in order that our highways may not in any degree deteriorate.

In view of general conditions, notably the high cost of materials, the committee does not recommend an appropriation for new work at this time.

Constable's Return

Arlington, September 23, 1918.

By virtue of this Warrant, I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in primaries, to meet at the time and place, and for the purposes herein named, by causing a printed, attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant at the door of the Town Hall in said Arlington, seven days at least before said day of meeting. Notice of the time, place and object of said meeting was published in the Arlington *Advocate* and the Arlington *Weekly News*.

(Signed,) WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified to vote in primaries, met in the Town Hall in said Arlington, Tuesday, the twenty-fourth day of September, one thousand nine hundred and eighteen, and were called to order at two o'clock in the afternoon by Willis P. Howard, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the constable, who served the same upon the inhabitants.

Under the law governing primaries, Mr. Howard continued to act as Chairman of the meeting.

As the same law that governs elections governs primaries the Town Hall was fitted up as a polling place, a space railed off and voting booths provided for the use of the voters to examine and mark their ballots. All booths were supplied with suitable facilities for this purpose. Cards of instructions to and penalties on voters were posted in accordance with law.

The following primary officers, having been appointed by the Selectmen, were sworn to the faithful performance of their duties by the Town Clerk, and assigned as follows:

Ballot Clerks — David T. Dale, James Moir, William D. Grannan and James E. Sweeney.

Checkers at Ballot Boxes — Frank Y. Wellington, George C. Tewksbury, Charles A. Paine and Joseph M. Moore.

Tabulators — George H. Peirce and George McK. Richardson.

As the law governing primaries does not allow the counting of ballots until the close of the polls the above officers acted as tellers and counters.

Sealed packages of ballots, supplied by the Commonwealth. were then delivered to the election officers by the Town Clerk. These ballots were publicly opened and given to the Ballot Clerks for distribution to the voters.

Specimen ballots and cards of instruction were posted in conspicuous places about the polling place for the information of voters, as required by law.

The ballot boxes were examined by the presiding officer and the Town Clerk and were found to be empty and the registers set at zero.

Lists of registered voters were supplied by the Registrars of Voters.

At six minutes after two o'clock the polls were declared open and they remained open until seven o'clock at which time, after due notice, they were declared closed. In accordance with law the ballot boxes were not opened until the close of the polls.

At the close of the polls at seven o'clock, the register on the ballot boxes showed that 390 ballots had been cast, which, on

being sorted and counted, were found to be divided as follows: Republican, 338; Democratic, 51; Socialist, 1.

The ballot clerks and tellers counted the names checked by them and found the number to agree with the number registered by the ballot boxes, 390.

REPORT OF THE BOARD OF SELECTMEN

The following is a brief report of the Board of Selectmen on matters pertaining to the various departments of the Town coming under the jurisdiction of the Board for the year ending December 31, 1918.

In the report will be found such recommendations as the Board deems proper, that the best interests of the Town may be served.

Organization of the Board for 1918

At the annual March meeting of 1918, Mr. Horatio A. Phinney, whose term expired, was re-elected for the term of three years, and was sworn to the faithful performance of his duties by the Town Clerk.

The Board met on the evening of March 4, 1918, and organized as follows: Chairman, Willis P. Howard; Clerk, Thomas J. Robinson.

For the benefit of new residents in the Town it may be well to state that the duties of the Board are of an executive nature, covering all duties coming under an executive Board and not specifically provided by statute. These duties include supervision and control of the Police and Fire Departments, Outside Poor, State and Military Aid, Public Buildings and public lands, the granting of licenses of all kinds, and such other duties as may from time to time be imposed.

During the year the war conditions imposed many duties upon the Board, as, being members of the Committee on Public Safety, they were called upon to render assistance to all committees appointed for various purposes.

The war activities covered a large scope, and to each of the committees the Board was pleased to render aid whenever called upon. The particular work of these committees will be found in the report of the Public Safety Committee. The

Board, however, deems it only proper that due recognition should be given to those citizens, men, women, boys and girls, who labored so zealously to perform the work assigned to them. These labors resulted in every case in keeping Arlington in the forefront in all work requested or anticipated, to prosecute the war to its final victorious finish.

The unselfish devotion of our people in the cause of humanity was never more strikingly illustrated than when, in the latter part of the year, the Town was visited with the dread epidemic of Spanish influenza. So rapidly did this disease spread in our midst that physicians became exhausted, nurses impossible to obtain, and hospital facilities overtaxed. In this grave emergency the people quickly responded to the call for assistance and, working in conjunction with and under the direction of the Board of Health, prompt and effective measures were taken to check the spread of the disease. The results of this hearty co-operation were soon made manifest, and while Arlington, like all other localities, suffered greatly, the spread of the sickness was stopped and many lives saved. While credit is given in the report of the Board of Health to all who aided during this crisis, this Board desires to record its appreciation to all those who so generously gave of their time, energy and ability in stamping out the most malignant and virulent epidemic that has ever visited the Town.

No notes, bonds or other indebtedness of the Town will be payable from this Fund until 1922, at which time $92,000 will become due and payable on Water Bonds.

This Fund is divided and classified as follows:

Water Loans	$128,991.90	
Sewer Loans	36,028.97	
Town House Site Loans	6,694.93	
Park Loans	1,265.15	
		$172,980.95

Taxable Property, State and County Taxes and Tax Rates

The real and personal property in the Town, as assessed and reported by the Assessors for the year 1918, was as follows:

Personal Property		*Real Estate*	
1917	*1918*	*1917*	*1918*
$1,668,117.00	$1,705,681.00	$17,613,295.00	$18,041,867.00

The above figures show an increase in personal property of $37,564, and an increase in real property of $428,572, over 1917, making the total taxable property, both real and personal, $19,747,548, an increase of $466,136 over that of 1917.

While this increase in taxable property is very much below that which would have been shown under normal conditions, the fact that the Town received from the Special Personal Tax account $53,450, together with other facts that will be shown in the following table, enabled the Assessors to make a reduction in the tax rate of $1.30, or $24.20 in 1918 as compared with $25.50 in 1917. In determining the tax rate of last year the following facts should not be overlooked: the increase in taxable property amounting to $466,136, the special personal tax of $53,450, the slight increase in State, County and Metropolitan Taxes amounting to $3,901.74, the substantial increase in Corporation and Bank Tax of $22,196.35, together with conservative estimates and expenditures for the various departments. These items made the reduction possible. When it is considered that owing to the war conditions but very little building was done, the cost of labor and material making such building almost prohibitive, and that the Town was deprived of the natural increase that would have come from this source,

it is most gratifying to find that the tax rate showed a decrease rather than an increase. The Board feels that the various departments not only conservatively estimated the appropriations asked for, but they very economically expended the same. This is shown by the fact that no requests were made for transfers from the Reserve Fund. While the Board feels that in many of the departments improvements could be suggested or made, requiring considerable money, it is of the opinion that until conditions become more normal the same economy should be practiced for at least the coming year. With the cost of labor and materials at their present high rate the citizens can hardly expect to have the work of the departments done on the same appropriations as previously. With all commodities at their present abnormal prices the citizens who are called upon to pay these prices must remember that the tax rate is regulated by the prices the departments are called upon to pay, and must rise or fall as these prices vary.

The taxes levied for State and County purposes for 1918 were as follows:

	1917	*1918*	*Increase*
State Tax	$40,700.00	$40,700.00	.....
County Tax	18,613.95	20,170.01	$1,556.06
Metropolitan Sewer Tax	16,274.29	17,349.75	1,075.46
Metropolitan Park Tax	9,409.48	9,532.40	122.92
Metropolitan Water Tax	20,544.00	21,735.89	1,191.89
Charles River Basin Tax	1,789.54	1,819.39	29.85
Alewife Brook Tax	2,453.18	2,395.89	57.29*
Fire Prevention Tax	204.77	193.36	11.41*
Soldiers' Exemption Tax	25.72	19.98	5.74*
	$110,014.93	$113,916.67	$3,901.74

Corporation and Bank Tax Received by the Town

	1917	*1918*	*Increase*
Corporation and Bank Tax	$19,053.36	$19,215.85	$165.49
Street Railway Tax	10.92	11,279.86	11,268.94
Income Tax	37,914.96	48,810.79	10,895.83
Middlesex Street Ry. Tax	130.91	.....	.....
	$57,110.15	$79,306.50	$22,196.35

*Decrease.

The following is an analysis of the 1918 tax rate showing what proportion of each $24.20 paid by the tax payers is applied to the maintenance of the various departments:

Highways	$3.1956
Sewers	.1310
Water	.3926
Street Lights	.5107
Engineering	.1527
Fire Department	.9160
Police Department	1.0928
Wire Department	.0916
Trees and Parks	.3162
Board of Health	.2710
Collection of Ashes and Offal	.8637
Cemeteries	.1091
Public Library	.2530
Schools	6.6396
Charities	.4646
Municipal Buildings	.2290
Salaries	.5485
Insurance	.2181
Incidentals and Specials	.8615
Debt and Interest	2.5170
State, County and Metropolitan Taxes	4.0202
Overlayings	.3055
	$24.2000

A perusal of this table will show that on each $24.20 paid in taxes $18.84 is for Highways, Fire Department, Police Department, Schools, Charities, Debt, Interest and State, County and Metropolitan taxes.

This leaves but $5.36 on each $24.20 paid for the maintenance of all other activities of the Town, viz.: Sewers, Water, Street Lights, Engineering, Trees and Parks, Wire Department, Board of Health and Health Department, Libraries, Salaries, Insurance, Public Buildings, Printing, legal expenses, incidental accounts of all departments and all other expenses of any nature.

Outside Poor

The conditions existing in 1917, as reported by the Overseers last year, relative to the great increase in the cost of ordinary necessities, continued to prevail during the past year. Not only were the abnormal prices of these necessities maintained, but in many cases they were increased. To these conditions was added, in the latter part of the year, an epidemic of influenza, from the results of which many homes were left fatherless. In almost every case the widow thus deprived of the head of the house was left with from four to seven children dependent upon her. These children, in the great majority of cases, were under fourteen years of age. In all, seven widows and thirty-one children thus bereft applied to the Board for aid. In nearly all of the cases the settlement was in Arlington. The aid thus given is not for a day, a week, or a month, but for a period of years, or until the older children are able to assist in the support of the younger. These conditions have necessitated a very much larger expenditure than in any previous year. A brief statement of the number of persons aided will show that a much larger appropriation will be needed the coming year to care for the poor of the Town. In considering the following summary it should be remembered that in many of the cases there is a re-imbursement from the State for money expended under the provisions of Chapter 763 (known as the Dependent Mothers' Aid). This reimbursement varies and is determined by the settlement of the recipient. If settlement is in Arlington, or any other city or town, the State reimburses one-third. If the settlement is in any other city or town that city or town reimburses the other two-thirds. If there is no settlement in any city or town the State pays the whole.

The number of families aided by weekly allowances is twenty-four (24), the amount allowed in each case varying, but aggregating $210 per week. This item alone amounts to $10,920 per year. In addition to these families there are ten (10) families aided in their homes with groceries and provisions, nine (9) persons aided in the families of others, and seven (7) persons aided in institutions.

In view of the foregoing facts the Board is compelled to ask for a much larger increase in the appropriation for this depart-

ment than would otherwise be the case. The income of the funds at the disposal of the Board has been drawn on to the fullest extent in order to care for all cases. The Board would, therefore, recommend the appropriation of $13,000 for the care of the poor in 1919.

The total disbursements in 1918 for the poor were $15,033.37, divided as follows:

Appropriation	$10,000.00
Reimbursements from State, other cities and towns, and Income from Funds	5,033.37
	$15,033.37

Police Department

The personnel of this department remains the same as reported last year, viz., seventeen men, a Chief, a Lieutenant, a Sergeant and fourteen patrolmen. This number of men have not, however, been on duty throughout the year, as two of the regular officers were in France and these vacancies were not filled. Officer Connor, one of the newly appointed officers, resigned in May to accept a more lucrative position, and Officer Duffy resigned in November to become Superintendent of Town Hall. These two vacancies were not filled except by specials, as it was uncertain when the two men in France would return. In accordance with the vote of the Town passed last March the Department has paid the difference in salary received by the two officers in France, between that received as patrolman and that received as Sergeants in the United States Service. This amounted to $1,348.16 from March, 1918, to January 1, 1919.

The regular work of the Department has been performed in the usual satisfactory manner. All extra duties assigned have been cared for and included work for the United States Marshal in connection with the draft laws, work for the Local Committee on Public Safety, and work for the Exemption Board.

In the latter part of the year the Board received a petition from the members of the Department, asking for an increase of two hundred dollars ($200) per year. The pay of the officers

had been increased one hundred dollars ($100) per year in 1917, and was as follows: Chief, $1,800, Lieutenant, $1,500, Sergeant, $1,400, and patrolmen, $1,341 per year. After a very careful study of the petition and the conditions existing the Board was of the opinion that if we were to retain the services of our present officers and induce others of the required standard to become members of a reserve force the compensation must be at least comparable with what these men could obtain in mercantile life. When it is considered that skilled labor in the various lines is receiving from $4.50 to $6.00 per day, and unskilled labor is receiving from $3.75 to $4.50 per day, together with the fact that for uniforms, equipment, etc., an officer is required to pay about $150 per year, the request appeared reasonable. In view of all the facts and the conditions existing the Board voted, as a war measure, to make the following increases in the pay of the officers of the Department: Chief, $1,950, Lieutenant, $1,650, Sergeant, $1,550, and patrolmen for the first year, $1,300, for the second year, $1,400, and for the third year and thereafter, $1,500. This shows an increase of $150 each to the ranking officers and $159 to the patrolmen, instead of the $200 each requested.

Regular Officer Barry and Special Officer Bullock have returned from their service in the United States Army, and have resumed their duties in the Department. This leaves but one vacancy pending the return of Officer Kirlin from France.

Appropriation for 1918	$25,051.00	
Receipts of Department	88.92	
		$25,139.92
Amount expended		23,394.82
Unexpended balance		$1,745.10

The amount of the unexpended balance is accounted for in the foregoing report and is entirely due to the reduced number of men, the vacancies caused by the absence of the men in the United States Service not having been filled.

Fire Department

This Department has continued during the past year under the command of Chief Walter H. Peirce, and has maintained the high standard of efficiency reported in previous years. As will be noted in the report of the Chief, the fire house at Park Avenue has been discontinued, and the men and equipment transferred to the other houses.

The equipment, now all motorized, is in first class condition, and the men at the central station are now engaged in rebuilding a new combination chemical truck, which when completed will make a valuable addition to the present apparatus, as an extra or emergency truck.

The same conditions as to compensation for members of this Department developed during the year, as in all other departments, and the Board received a petition signed by all the permanent men of the Department asking for an increase of $300 per year, and from the call-men asking for an increase of $25 per year. The same arguments were used in this case as in all other cases, viz., the abnormal high cost of everything. In the case of this Department, however, was added, in the opinion of the Board, the more serious agitation of the platoon squad system, which would mean almost, if not entirely, doubling the number of permanent men. The present men are efficient, faithful and painstaking, and each have a praiseworthy personal interest in maintaining the high standard of the Department. This feeling should be encouraged and strengthened if the very best results are to be obtained. To do this it is essential that the men be satisfied in their work, a work not always of a pleasant nature, and that the remuneration received should be at least commensurate with the hours of duty and the dangers of the work. The Board, therefore, granted the request, and the permanent men of the Department are now receiving $1,500 per year, and the call-men $200 per year.

Appropriation for 1918	$21,005.00	
Reimbursement	148.50	
		$21,153.50
Expended in 1918		21,132.69
Unexpended balance		$20.81

Town Insurance

During the year 1919 fire insurance policies, amounting to $255,000, will expire and must be renewed. Of this amount $196,000 was written in 1916 on a three-year term. To renew this amount for three years will require an appropriation, under the present rate, of $1,606.06. The balance, $57,000 is written on a five-year term, and to renew for the same term will require an appropriation of $752.40, or a total appropriation for fire insurance of $2,358.40. The Board recommends that these policies be renewed for the same terms as the amount to be saved, as the difference between the rates for three and five years is not sufficient to offset the desirability of so arranging the expirations as to have approximately the same amount expire each year.

In accordance with the recommendation of the Board and the vote of the Town the Compensation, or Employers' Liability insurance was not renewed on the expiration of the policy July 1. The Town is now assuming its own liability, and the Board is pleased to report that since July 1, 1918, there have been no accidents, and, therefore, no money has been paid. In connection with this showing the Board deems it only proper to report that to the extreme care used by the Superintendent of Public Works in handling all hazardous work this result is largely due. The Town Counsel, Mr. Philip A. Hendrick, has been appointed as Agent for the Town in all matters connected with this form of insurance.

In addition to the appropriation necessary for fire insurance, there is an outstanding bill for excess liability insurance, which is in the course of settlement, also an excess premium of the public liability policy. These two items amount to $3,781, and provision should be made for this amount.

To the foregoing forms of insurance there is the automobile insurance of the Town (excluding the Police and Fire Departments) and the bonds of the Treasurer, Tax Collector and Town Clerk. These latter items amount to $600. The total appropriation, therefore, necessary to care for all forms of insurance carried by the Town for the year 1919 will be $7,105.

With the premiums on employers' liability insurance eliminated and the same care used in the performance of dangerous

work the Board feels that the coming years will show a very substantial reduction in the appropriation for insurance.

Public Buildings

Under this heading comes the Robbins Memorial Town Hall, Menotomy Hall (the old Town Hall), the fire stations, and the old Almshouse property.

Robbins Memorial Town Hall

During the past year the revenue derived from the use of this hall for entertainments, dances, lectures and theatrical performances has been less than for any year since the building was presented to the Town. This is accounted for by the fact that owing to war conditions, gatherings of the character mentioned were few, and only undertaken to further the interest of some form of war work. In all such cases the Board has only made a charge to cover the actual cost to the Town, resulting, as stated above, in greatly reducing the revenue. The receipts from the Hall have been only $750, as compared with from $1,800 to $2,000 in previous years. For the first time this account showed a deficit, partly due to the cause mentioned, and partly to the reduction of $500 in the appropriation made for the maintenance. With the exception of repairs on the roof to remedy certain leaks, there have been no extraordinary repairs or alterations, and the Board anticipates none for the coming year. The grounds have been under the care and supervision of Mr. Daly, the Tree Warden, and this work has been done at a very material saving to the Town.

The Board recommends the appropriation of $4,500 and revenue for the upkeep of the building and grounds the coming year, believing that the increased revenue will be sufficient to offset the natural difference between the cost of maintenance and this appropriation.

Charles F. Donahue

On October 14, 1918, Charles F. Donahue, for eleven years Superintendent of the Town Hall, passed away after a very brief

illness. Mr. Donahue was the first and only Superintendent of the new Town Hall, and his unfailing fidelity and devotion to the work and his personal pride in the care and upkeep of the building, more than any other factor, brought forth from Mr. R. Clipston Sturgis, the architect, this remark: "Of all the public buildings I have planned and supervised the Arlington Town Hall is, without any exception, better cared for than any of the others."

The Board desires to record its appreciation of the services of Mr. Donahue, as a faithful, loyal and conscientious employee of the Town, one in whom the Board had full confidence. His cheerful, courteous and manly presence will be greatly missed by all whose business or pleasure occasioned visiting the Town Hall.

Menotomy Hall (Old Town Hall)

The Red Cross and the State Guard have continued to occupy this building. Only slight repairs have been made during the past year, although there are alterations and repairs that should be made at such time as the building will be discontinued for its present purposes.

In accordance with the vote of the Town the Board leased the lower rooms to S. K. Ames for a term of five years, at a yearly rental of $500.

Summer Street Estate

Almshouse Property

As reported last year, this property was turned over to the Board of Public Works and has been used by that Board as a headquarters for all the departments coming under the supervision of that Board.

All repairs necessary are to be made by the Board of Public Works, and while the Town derives no direct revenue, the property is cared for and the Town saved the rental formerly paid for quarters for the Water Department.

Medford Street Estate

This estate is in good condition and is rented to two reliable tenants from whom a revenue of $360 is received.

No repairs or alterations were necessary on this property during the year, therefore the rental received was turned into the Treasury Account available for transfer to other accounts.

Town Report

In placing the contract for printing the Town Report for 1918, the Board was confronted with the advance in the price of paper. In conferring with The Murray Printing Company (the publishers of previous reports) the Board was offered the same contract as made in 1917 plus 10 per cent. This appeared to be a decided advantage to the Town and the contract for the 1918 reports was made with that company, and is for 1800 copies of the paper-bound books, 12 copies of the leather-bound and 50 copies of the cloth bound, all to be delivered at the Town Hall.

Jurors

Each year the Board experiences difficulty in selecting citizens with the necessary qualifications to serve as jurors. The law requires that this list shall be made during January of each year, and while the Board exercises due care in the selection, it is impossible to avoid the selection of some citizens the drawing of whose names would cause inconvenience. This the Board tries to avoid, as it is not the desire to work either a hardship or an inconvenience on any citizen. On the other hand all good citizens, who can, should be willing to perform this part of their duties as good citizens.

If for any good reason a citizen cannot serve he should notify the Board during the month of January in order that his name will not appear in the list.

(For list of Jurors see that heading.)

State Aid, Soldiers' Relief and State Aid

The law applying to the payment of State Aid to the dependents of veterans of the Civil and Spanish Wars was, by

an Act of the Legislature in 1917, made applicable to the men serving in the various branches of the United States service in the war with Germany and her Allies. Unlike, however, the veterans of the two previous wars, the soldiers and sailors of the late war were allowed (in the cases of married men compelled) to make allotments to their dependents. When this allotment was made the United States Government made an allowance — in the case of a wife $15, and when there were children $5 additional for each child — in the case of a mother, father or sister, $10. The State of Massachusetts, by the law referred to above, authorized the Commissioner of State Aid to pay to the dependents of these men, from the Treasury of the State, a sum sufficient (in addition to the amount of his allotment, or pending receipt of same) to adequately support the dependents. This authority of the Commissioner and the disbursement of the aid is contingent on the reports of the Board or officials of the various cities and towns designated to investigate these cases. In Arlington this duty was delegated to the Board of Selectmen. All dependents applying for this aid are to be examined separately and the amount of aid determined on the merits of each particular case. While this task is not an easy one, if fairness and justice is to be done, the Board has endeavored to treat each case in a manner that a liberal interpretation of the law and the desires of our citizens would dictate.

That the cases have been dealt with in this manner is evidenced by the approval of the Commissioner in all cases. This means that all moneys paid by the Town for State Aid is reimbursed by the State if such payments are approved by the Commissioner. The average monthly payroll for this aid was about $700.

The payroll of the veterans of the Civil and Spanish Wars remain as they were last year.

Military Aid and Soldiers' Relief

There is only a technical difference between these two designations.

Military Aid means that when all other sources of income are inadequate to the proper support of the soldier, then Military

Aid is given. This aid is divided, the State paying one-half and the Town the other half. At the expiration of the extreme need, the case goes back to the State Aid list from which it was transferred to the Military Aid list. A person cannot draw both at the same time.

Coal for Town Departments

Owing to the coal situation, the usual custom of the Board in asking for bids from various firms for coal for the various departments of the Town was not carried out.

The reason for this action on the part of the Board was that no concern or firm was willing to enter into a contract either as to price or amount to be delivered. Under these conditions the Board held a conference with Mr. W. A. Peirce, and he agreed to supply the needs of the Town at the best prevailing prices. At the writing of this report this agreement has been fulfilled.

Gypsy Moth Work

This Department was continued during the past year under the efficient superintendency of Daniel M. Daley. The work of this Department, so little thought of by the average citizen, is of great importance to the Town. The shade trees on our streets are, by many people, classed as one of the greatest adjuncts of a beautiful and progressive Town. The children in our schools should be taught to not only do no damage to these trees but to constitute themselves a "tree protection committee" for the preservation and safety of all trees in the Town. Our Boy Scouts could well take this matter into consideration and there will be no doubt of the result if these forces are enrolled in the service of protecting, promulgating, fostering and safeguarding these very great additions to the beauty, health and pleasure of our Town. Mr. Daley, the Superintendent, will be pleased to assist and advise all boys and girls in this work.

Licenses

Garage and Gasolene Licenses. During the past year the regulations made by the Fire Prevention Commissioner, regulating these licenses, have been in force. Under these regulations citizens desiring a license to maintain a garage to accommodate one or two cars need only to apply to the Building Inspector and the Chief of the Fire Department. For a license to keep and store gasolene to an amount not exceeding 120 gallons, application need only be made to the Chief of the Fire Department. Where licenses are applied for to keep more than two automobiles, or to keep and store gasolene to an amount exceeding 120 gallons, the law requires that the Board shall give a hearing, after fourteen days' notice, to all interested abutters.

Common Victuallers. With the growth of the Town, the number of these licenses issued must naturally increase. The Board continues to require that the premises where these licenses are granted be at all times kept in a clean and sanitary condition. All applications are submitted to the Police Department for investigation as to the character of the applicant and the conditions of the premises.

REPORT OF CHIEF OF POLICE FOR THE YEAR ENDING DECEMBER 31, 1918

ARLINGTON, JANUARY 1, 1919.

To the Honorable Board of Selectmen:

Gentlemen: I have the honor to submit herein a report of the doings of the Police Department for the year ending December 31, 1918.

The total number of arrests during the year was 632; of this number 392 were non-residents and 240 residents; 21 were females and 57 were juveniles or persons under 17 years of age.

The offenses for which arrests were made: Crimes against the person (assaults, etc.), 20. For crimes against property (for breaking and entering and larceny, etc.). 79, and for crimes against public order (misdemeanors), 533.

Fines to the amount of $1499 were imposed by the Court. Property valued to $497.50 was reported as lost and property to the value of $521 was found and restored to the proper owners.

Property to the value of $3850 was reported as stolen and we have recovered and turned over to the rightful owners property to the value of $4384.00.

There have been 179 accident and sick cases in which this department has been called upon to investigate, report and assist; this is by far the largest number that has occurred in any one year to date, and the time and effort of the police in these cases were no small item.

There have been 11 fatal cases reported to and investigated by the police during the year.

Our Gamewell Police Signal System of 19 boxes, installed in 1906, still continues to fulfill every demand made of it; it has been in constant use, and there were 39,219 duty calls rung in and 1257 telephone calls received from the patrolmen over this system during the year.

The war activities greatly increased the work of the department during the year and we have given every co-operation in our power and worked in perfect harmony, not only with the War and Navy Departments, to whom we have sent weekly reports, at their request, regarding local conditions, but to the Department of Justice and the United States Marshal's office as well, and our work has been commended by them.

Among the more important miscellaneous duties of the department has been the care of 39 estates during the absence of the owners.

Six hundred and sixty-eight cases of various natures have been investigated.

One thousand three hundred and twenty circulars have been written for the Fuel Committee and distributed by us at their request to storekeepers.

Two hundred and forty-three stores were found unlocked at night and secured by our night patrol.

Twenty-one lost children have been cared for and returned to parents and 88 messages have been delivered to various houses at the request of the police or hospitals of other cities and towns.

This report for printing has been greatly abbreviated at the request of your honorable board, but a full detailed report has been rendered for your files.

To your honorable board I wish to extend my sincere thanks for the kindly advice and many courtesies rendered to both myself and members of this department, and to those loyal citizens who have assisted us in our work I can but express my deep appreciation.

Respectfully submitted,

THOMAS O. D. URQUHART,
Chief of Police.

REPORT OF CHIEF OF FIRE DEPARTMENT

ARLINGTON, DECEMBER 31, 1918.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department for the year ending December 31, 1918.

The number of companies and equipment has been the same as last year, up to November 1, when the company at the Heights Station was disbanded, the Station closed and men of company transferred to other companies of the Department. This move was taken to strengthen the Department by centralizing the men and apparatus, and also to save expense by maintaining one less station. So far the plan has worked very successfully. The Department now is entirely motorized, the horses at Heights having been disposed of, one sold, and the other found a good home for the rest of his life.

The manual force is the same as last year. The Town has been very fortunate in retaining all of the men, considering the conditions which prevailed throughout the country the past year.

The motor equipment of Department is all in good condition. A second-hand Knox motor of 60 horsepower has been purchased the past year, and the men at Central Fire Station, on Broadway, are overhauling the same and are making a combination hose and chemical engine, using the old chemical tank from horse-drawn wagon. This apparatus when finished will be used for a spare car, making one spare car for each Station. The men are doing all the work themselves, taking up their spare time, and also making themselves familiar with the care of the motors.

The Fire Stations are in fair repair. The one at Heights has been turned over to the Town. The other stations will have to be repaired in the near future, to conform to the rules

covering Fire Stations, as made by Fire Prevention Commissioner.

The Department has answered 210 alarms, made up as follows: 110 bells, 100 stills, 34 of these false. The large number of false alarms was occasioned by the peace celebration in November.

Value of buildings endangered	$122,600.00
Value of contents of buildings	29,100.00
Insurance on buildings	109,050.00
Insurance on contents	20,350.00
Insurance paid on buildings	10,114.71
Insurance paid on contents	2,286.00

For further details of alarms and work of the Department see records of Clerk of Engineers.

The appropriation for the year ending December 31, 1918, was $21,005, receipts $148.50, total $21,153.50. For expenditures see report of Auditor.

Recommendations

I recommend the appropriation of $24,450. The increase is occasioned by an increase given the permanent men on November 1, and also by increase asked by call men and recommended by engineers to take effect January 1, 1919. The cost of all supplies for the Department has increased, and it is impossible to get along under the old scale of wages. In order to keep the men and get the best results, we have to pay wages to correspond with what they can command in commercial work.

I recommend the strict enforcement of all building laws and laws relating to fire prevention; attention at this time may save the Town serious trouble later.

In closing my report I respectfully thank your Honorable Board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the Town who have so willingly given their services when called upon, and to my assistants and all members of the

Fire Department I give my sincere thanks for the able manner in which they have answered all demands made upon them, making the Department a credit to the Town, and a pleasure to command.

Respectfully submitted,

WALTER H. PEIRCE, *Chief.*

GYPSY AND BROWN-TAIL MOTH DEPARTMENT FOR THE YEAR 1918

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year ending December 31, 1918.

The past year $5500 was appropriated for insect work on the trees of the highways, and for work on private property. The gypsy moth situation was rather scattered the past year, and a recent examination shows a slight increase of egg clusters in isolated places, over that of last year, but on the whole the conditions are greatly improved. As the past year was one of conservation and economy, and also on account of the high cost of lead and team hire, we omitted the spraying of Menotomy Rocks Park and the Hospital woods. All street trees and about sixty per cent of all private property were sprayed, and this work was performed with one 13-horsepower machine, and one 2-horsepower machine, thereby saving the expense of one pair of horses and an extra man. As I stated in last year's estimate, in order to accomplish this the property owners would have to be patient, as it would take longer to cover the Town. I would not advise the same policy this year as, to get best results from spraying, the fruit trees should be sprayed as early as possible, for the benefit of the fruit, and also to suppress insects other than the gypsy and brown-tail moth. We had a bad infestation of the leaf roller, and in order to do effective work it is necessary to have the trees sprayed before the insect rolls the leaf. This pest caused a lot of trouble, as we were obliged to go from one section of the Town to the other before completing any one section. The moth work is being handled with a definiteness of purpose, and it should be continued along the present lines, taking advantage of every method or combination of methods that will produce results economically.

It is a pleasure for me to state that out of our small regular

force we are able to have on our honor roll an employee of this department who from the beginning of the war has been doing his bit with the famous 26th Division, Thomas J. Beasley.

On account of the increase granted in wages, and also to take care of the difference in pay of Private Beasley, I would recommend that the sum of $6500 be appropriated for the coming year.

Respectfully submitted,

D. M. DALEY,
Superintendent.

REPORT OF REGISTRARS OF VOTERS

JANUARY 1, 1919.

The following report is submitted by the Board of Registrars of Voters for the year ending December 31, 1918.

At the March election of 1918 the Town voted to establish two voting precincts, making the center line of Linwood, Tufts and River Streets as a dividing line. This necessitated a revision of the entire voting list, placing all below the line mentioned in Precinct 2, and all above in Precinct 1. Precinct 2 was used for the first time at the State Election, November 5, 1918, and 695 ballots were cast out of a total registration of 931.

The total number of registered voters December 31, 1917, was 3186. During the year, at the various meetings of the Board, 282 names were added and 245 stricken from the list on account of death or removal, leaving the total number of registered voters December 31, 1918, as follows:

Whole number registered		3389
Whole number of men	3223	
Whole number of women	166	
		3389

The list of registered voters is divided as follows:

Precinct 1	Male	2292	Female	158	Total	2450
Precinct 2	Male	931	Female	8	Total	939

The assessed polls are as follows:

Precinct 1	3300	
Precinct 2	1843	
		Total 5143

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Arlington:

A brief report of the work of the School Committee for the past year is herewith submitted to the Citizens of the Town for their consideration:

At the annual Town Meeting last March, the Town appropriated the amount of money estimated by the School Committee as necessary to efficiently conduct their department for the year and by careful administration and close economy we have kept our expenditures within the appropriation.

In common with other departments we have felt the stress and strain of war conditions, but we believe that the Arlington standard has been maintained in our school system.

Now that the war is over, and all are working and planning to bring about normal conditions, we feel that the citizens of the Town should give their best thought to the problems concerning the education of their children.

In accordance with the vote of the Town the Committee is making a study of the question of providing additional school accommodations and will make a report at the annual Town Meeting. This need is becoming more imperative each year and we are obliged to extend the expedient of alternating sessions to more schools and classes. During the past year it was necessary to place the Locke and Junior High Schools on this plan and to increase the length of the school day in these schools. We recognize the inconvenience occasioned by this program and have tried to alleviate the annoyance as far as it was possible for us to do so. The Committee has reported the crowded conditions of the school buildings for a number of years and we hope the Town will agree to take immediate and liberal measures to relieve a situation that has become most acute.

Last spring Mr. William I. Marsters, Mr. Carl N. Quimby and Mr. Alton F. Tupper retired from the Committee and the Town elected Mr. Fred L. Dawson, Mr. John R. Foster and

Mr. Claude A. Palmer to take their places. Both Mr. Tupper and Mr. Quimby had served as chairman and for a number of years had given their time and ability to their public duties. Miss Florence C. Hicks, who had been a member of the Committee for more than four years, resigned in November. Her resignation was accepted with deep regret for, as a public servant, Miss Hicks had rendered most faithful service.

The Junior High School, which has been a part of our educational system for more than three years, is considered a very important unit. It is fair to state, however, that Junior High Schools are still in the experimental stage, and the Committee is keeping in close touch with the researches of educators and with the programs adopted in other communities in order that we may obtain the most efficient results from our school. In September Mr. Bradford E. Swift, sub-master in the Chelsea High School, was elected principal of the Junior High School to succeed Mr. Harold E. Jackman, who had served the Town faithfully for three years.

The preliminary steps have been taken this year to establish a dental clinic in the Town under the direction of the Board of Health and the School Committee, but because of the high prices of equipment and materials, the project has not been put into active operation. We are pleased to record that the matter received the enthusiastic support and co-operation of the Arlington dentists.

In connection with such matters we are of the opinion that a definite benefit would accrue to the Town if more preventive and more corrective measures were employed in the schools. The school nurse has become such a valuable factor in our School System that we shall soon require the entire time of a nurse. A comparatively small sum spent for more medical inspection and for the segregation and special help of children suffering from such diseases as tuberculosis, would bring a large return to the community in the way of healthy and useful citizens.

Our teachers and pupils have given a splendid demonstration of patriotism by their whole-hearted participation in the war activities, the work of the Junior Red Cross being worthy of especial mention.

We are indebted to the Selectmen for their courtesy in permitting the meetings of the School Committee to be held in the Town Hall during the winter months of this year. This arrangement was made to effect a saving in coal and the results have been quite satisfactory.

Last year we increased the salaries of the teachers by a moderate sum and paid a bonus of $50 for the year to all teachers receiving less than $1000. In response to a petition received from the teachers for an increase in their salaries this year, we have made a careful study of the whole question, and have investigated the compensation received by teachers in other towns comparable to Arlington. We have come to the conclusion that their claims, in the main, are justified and shall request that a larger appropriation be made for salaries.

The sum of money appropriated each year for general repairs is barely sufficient for the purpose, with the result that the extraordinary repairs are deferred from year to year. We believe that a special appropriation should be made for such matters, as some of them are immediately necessary and should be attended to as soon as possible.

We submit the following recommendations for the consideration of the citizens:

The renovation of the ventilating and sanitary systems in the Russell School; the electrification of the fire alarm system in most of the schools; the installation of a sprinkler system in the Junior High School basement and the placing of exits in this basement; and the reconstruction of the Locke School playground to make it safe for use of the children. We also desire to call to the attention of the citizens the lack of playground facilities at the High School and recommend that steps be taken to drain the vast area in the rear of the building so that the large number of children attending this school may have a proper place to spend their periods of recreation.

Respectfully submitted,

JOHN A. BISHOP,
Chairman.

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY

To the Town of Arlington:

The Trustees of the Robbins Library submit their annual report. The circulation shows a gain of 47, with a total of 56,949 as compared with 56,902 in 1917. Children's Room shows a loss of 113, with 17,783 as against 17,896 in 1917.

Attendance in Reading Room shows a gain on week days of 835—23,497 as against 22,662 in 1917, and a loss on Sundays of 536—2,380 as against 2,916 in 1917.

The attendance in Children's Room has risen from 11,304 to 12,433, a gain of 1,129, with a loss of 452 on Sundays, 2,027 as against 2,479 in 1917.

There has been a gain of 214 in books taken from the stack room, 37,336 as against 37,122 in 1917. The use of periodicals shows a loss of 211—2,175 as against 2,386.

There was a gain in books and periodicals loaned from the Arlington Heights Branch, 4,076 as against 4,045 in 1917. There was a gain of 86 in books and periodicals sent from the Centre to the Heights, 861 in 1918 as against 775 in 1917. The Postal Reserve shows a gain of 15—797 in 1918 as against 782 in 1917.

There was a gain in books and periodicals loaned from the East Branch, 6,682 as against 5,422 in 1917. Visitors and readers at the Branch were 2,719. This was a falling off in attendance, the greater attendance of the previous year being due to the newness of the enterprise.

The closing of the Library from September 27 to October 18 on account of the influenza epidemic accounts for the falling off of attendance and circulation, where it has occurred, and may account for a smaller registration than last year, 943 as against 1,084 in 1917.

The Library has co-operated as best it could in the various war

work campaigns, by the display of posters, advertising matter, distribution of circulars, etc.

It has collected and sent for distribution many books and periodicals for the use of the soldiers and sailors, at least four times as many as last year. A collection of German and French war souvenirs, presented to the Town by Lieut. Harold L. Frost, has been placed for safekeeping and exhibition in a showcase in the Reading Room.

Miss Nina L. Winn, after four years of faithful service with us, has accepted a position in Somerville Public Library as an assistant. The ceiling and walls of the art gallery have been redecorated, and we would call attention to the rare excellence of the print collection which Mr. Winfield Robbins presented to the Library several years ago.

The special donors for the year were Mrs. E. C. Turner, Mr. Emil Schwab, Prof. W. MacNeile Dixon of London, Mrs. True Worthy White. The editor of the *Advocate* has continued to send us a file of that paper.

Exhibitions of photographs, etc., have been given in addition to those reported hitherto.

REPORT OF THE BOARD OF HEALTH

The work of the Health Department has undergone many changes during the past year. On February 1, 1918, Mr. W. H. Bradley was appointed Agent and Clerk, and the collection of ashes and offal transferred to the Board of Public Works. This action was taken after a careful survey of the whole situation had been made, and the results reached indicate that an actual saving to the Town will result therefrom.

On March 31 Dr. Ezekiel Pratt, Bacteriologist and Physician to the Board was granted an indefinite leave of absence while serving in the Medical Corps of the United States Army. The Bacteriological laboratory was closed pending Dr. Pratt's return, and Dr. Guy E. Sanger was appointed as physician to the Board temporarily.

Changes have been made in School and Board of Health nurse owing to the war, but at present we have a most excellent nurse whose work is satisfactory.

Through the co-operation of the Board of Public Works and at the suggestion of the Board of Health the public sewer has been extended to include North Union and Norcross Streets in the eastern section of the Town, and a portion of Bow Street in the Heights section. The conditions which had heretofore existed in the localities above mentioned, were most unsatisfactory from a sanitary standpoint, and had long been a source of public annoyance. The Board would recommend that provision be made for extending the public sewer in several different sections of the Town the coming year; particularly in Fountain and Buena Vista Roads where owing to the nature of the soil, cesspools are unsatisfactory, and also to prevent contamination with a very valuable water supply in this vicinity.

The question of establishing a dental clinic in connection with the public schools was seriously considered, but in view of

the high prices and scarcity of equipment it was decided to postpone action for the present.

Early in September it became apparent that Influenza was causing an unusual amount of sickness in Town. This did not assume epidemic proportions however until later in the month, when drastic action had to be taken to stop the spread of this fatal disease. The public schools, theatre and library had to be closed, and public gatherings prohibited, and finally in order to take care of those who were unable to secure proper medical and nursing attendance at home, the Board of Trade Building on Court Street was taken over, and an Influenza Emergency Hospital established. In this hospital thirty-seven patients were treated successfully, free of charge. There were no fatalities, all patients recovered and returned to their homes. The major part of the work, both housekeeping and nursing, was performed by volunteer workers with no expense to the Town. The spirit of co-operation shown by all who so generously helped at this time is deserving of the highest praise.

There has been the usual number of complaints, and unsanitary conditions and nuisances have been abated when found or reported.

REPORT OF THE INSPECTOR OF MILK

To the Board of Health, Arlington, Mass:

The per capita consumption of milk does not seem to have been affected by the increase in price to the consumer, and a normal supply has been maintained even under the difficulties which surrounded both the producer and the distributor during the past year.

The quality of milk sold in Arlington both from a food value and health standpoint has been reasonably satisfactory, but there is still an opportunity for improvement in both these respects. A more general adoption of the holding method of pasteurization by the dealers would be of value in safeguarding the milk supply, and more care in selecting dairies supplying milk of high fat and solid content would help to increase the food value.

A summary of the year's work is appended.

REPORT OF COMMISSIONERS OF CEMETERIES ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKNAM FUND

Arlington, Mass., February 1, 1919.

The Commissioners of Cemeteries, Robbins Fund, Soldiers' Monument Fund and Samuel C. Bucknam Fund herewith present the report of the work done by the Department during the year ending December 31, 1918.

Owing to the epidemic that visited the Town in the latter months of 1918 the number of lots and single graves sold and the number of interments made in Mt. Pleasant Cemetery for the year is greater than that of any preceding year. On account of the conditions existing in surrounding cities and the filling up of cemeteries in or controlled by these cities, the Commissioners have found it necessary to adopt stringent regulations which will prevent residents of the Town buying lots in the Cemetery for the accommodation of non-residents. This practice, while in itself apparently harmless, in many cases works a hardship not only on the innocent purchaser, but also to the person in whose interest the lot was purchased. No citizen should allow the use of his name in the purchase of a lot unless that lot is to be used for his own immediate family. The consent of the Commissioners will be required in cases where interments are to be made for persons outside certain defined degrees of relationship. The Commissioners deem it only proper that this action on their part should be known by all citizens who may have occasion to purchase lots in the Cemetery, or who may be asked to purchase lots in their name for the benefit and use of non-residents.

During the year 61 lots and 46 single graves have been sold, and the gross receipts from the sale of these lots has been $4180. Of this amount $875 has been credited to the Cemetery Department for grading, corner posts, etc., and the balance, $3305

turned into the Town Treasury and made available for other purposes. As stated in the report of last year, the wisdom of grading and preparing for sale plot "Q" was made evident, as without this plot it would have been almost impossible to have met the demand for new lots during the year.

The Soldiers' Monument ground and the old Cemetery on Pleasant Street have been cared for by the Commissioners during the year.

AUDITOR'S STATEMENT

I have examined the accounts of Edward A. Bailey, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,
December 31, 1918. *Auditor.*

AUDITOR'S REPORT

For the Financial Year ending December 31, 1918

The accounts of the Treasurer and Collector have been examined and found correct. Cash balances have been verified and all securities as shown in the reports were examined and found correct.

A list of all unpaid taxes and assessments on hand agrees with the balances as shown by my books.

No special provision having been made to carry out the vote passed at the annual meeting, to pay all employees of the Town the difference between the amount they received from the Town and their pay while in the Service, some of the departments were unable to carry out the vote. The Police Department and School Committee did however make these payments, each having two men eligible under the vote. Payments were, Police Department, $1,348.16 and School Department, $731.91.

An analysis of the tax rate was distributed with the tax bills as requested in the vote of October 25, 1916. This analysis however does not show "the total amount expended by each Board or Department of the Town," but shows only what entered into the tax rate. Various large amounts were expended by departments which are not included in the tax rate, as for instance, Highways, $5,141.83; Interest, $16,750.88; Schools, $15,000.00; Town Debt, $41,550.00 and Water Extensions, $9,127.98. Water Maintenance and Sewer Construction do not appear at all, although they had $45,221.49 and $18,507.26 respectively, available for their use. This explanation is made as comparisons from year to year may or may not show fairly according to how the appropriations by transfer and borrowing are made.

GEORGE McK. RICHARDSON,
Auditor.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The fifteenth annual report of the Joint Board of Selectmen and Board of Public Works is herewith submitted.

At the Annual March Election, Mr. Samuel E. Kimball was elected a member of the Board of Public Works and as such became a member of the Joint Board.

The Board was organized on March 11, 1918, with Willis P. Howard, Chairman of the Board of Selectmen, Chairman, and Thomas J. Robinson, Clerk.

The following appointments were made for the year ending April 1, 1919:

Town Counsel, Philip A. Hendrick.

Superintendent of Public Works and Town Engineer, George E. Ahern.

Superintendent of Wires, Reuben W. LeBaron.

The regular meeting nights of the Board are alternate Tuesdays, but when the business of the Board requires meetings are held on other evenings.

For the benefit of new citizens of the Town, and others not familiar with the duties of the Board, it may be well to publish portions of the Act creating the Board.

The authority of the Board is contained in Section 5 of Chapter 3 of the Acts of 1904, creating the Joint Board, and is as follows:

"Section 5. Upon the election of said Board of Public Works all the powers, rights and duties and liabilities of the Selectmen in said Town, now existing, or hereafter created by law, relating to highways, Town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the terminal and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures upon,

under or over highways, or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works, created by this act, sitting jointly as the Board of Survey."

The foregoing Act was accepted by the Town, February 8, 1904, and has been in operation since that time.

New Streets

The Town having accepted the provisions of Chapter 249 of the Acts of 1897, known as the Board of Survey Act, the Board has established the following rules and regulations governing petitions for the laying out and the acceptance of new streets. The Board found this action necessary in order to avoid misunderstandings, and to enable petitioners to know approximately what the ultimate cost of the street would be, and the conditions under which the Board could recommend the acceptance of these streets to the Town. The rules, as adopted by the Board, are:

1. *Approval of Plans.* No plan will be approved which does not comply with the Board of Survey Act.

2. *Petition for Estimate of Cost of Construction.* After the approval of plans by the Board the interested parties may on application receive from the Clerk of the Board a blank form of petition requesting the Board to furnish an estimate of the cost of construction of the proposed street. This petition should bear the names of *all* owners of land abutting on the street together with the *signatures* of the parties petitioning.

On receipt of this petition the Board will designate the type of construction and direct the Town Engineer to make an estimate of the cost of this construction.

3. *Petition for the Laying Out of Streets.* A blank form of petition for layout, stating the length, width, type of construction and estimated cost, will then be sent to the petitioner. This petition should also show names of *all* owners of land abutting and their addresses, together with the signatures of as many as possible of the parties desiring the layout. On receipt of this petition the Board will set a date for a hearing, and all interested parties will be notified.

4. *Action by the Board at First Hearing.* After this first hearing if, in the opinion of the Board, common convenience and necessity require that the street in question be laid out as a public highway, they so vote and further vote that it is the *intention* of the Board to so lay out. A hearing is then set on the intention of the Board, and all interested parties are notified by warrant served by a Constable of the date of said hearing.

5. *Final Hearing on Intention of the Board to Lay Out.* If after the second hearing the Board is still of the opinion that public convenience and necessity require that said street should be laid out as a public way, a vote is passed laying the street out in accordance with the plans approved by the Board and a record is made of the description of the street by meters and bounds.

6. *Acceptance by the Town.* After the vote by the Board to lay out it is then within the authority of the Board of Selectmen on petition to insert an article in the Town Warrant for the acceptance of the street. No street can be brought before the Town for acceptance until the foregoing rules have been complied with. The Board would remind all persons intending to petition for the laying out and acceptance of streets that appropriations for this purpose are only made at the March meeting of each year. The petitions should, therefore, be filed during the early fall months, in order to allow time for hearings before the drawing of the Warrant for the March meeting.

In addition to the foregoing rules the Board has established a rule by which persons desiring the laying out, construction and acceptance of new streets will be informed before final action by the Board of the estimated cost of the construction and the approximate assessment to be levied on the abutting owners. This rule has worked very satisfactorily, enabling the petitioners to know what the street will cost them individually, and relieving the Board, when betterments are assessed, of many misunderstandings as to the portion of the cost which is to be borne by the abutting owners.

New Streets

While the Board has received petitions for the laying out and acceptance of new streets during the year none have been

recommended to the Town for acceptance. The principal reason, in fact the only reason, for this action was the abnormal cost of labor and materials, making the cost for the construction of these streets, after acceptance, beyond the amount the abutting owners felt they could afford to pay.

The practical working of the rules of the Board was very clearly shown in the results of these petitions. Without exception the petitioners, on being informed of the approximate cost of the street, decided to wait until conditions were more favorable.

While there are many streets in the Town that, in the opinion of the Board, should be laid out and accepted, the same reasons have prevented the Board from recommending such action by the Town. In the near future, however, these streets must be considered if the future development of the Town is to advance along the lines existing previous to the conditions brought about by the war.

No street betterments will be levied the coming year, as no streets were built during the past year, the only street accepted by the Town being built by the abutting owners, and accepted by the Town without assessing betterments.

Permanent Sidewalks

During the year 1918, the Board has adhered to the rule established the previous year in regard to granting petitions for permanent sidewalks. This rule is that a party desiring a permanent sidewalk makes application to the Board, an estimate is then made and sent to the petitioner of the cost of such sidewalk and a request for a deposit of one-half the amount of the estimate. On receipt of this amount the work is done by the Town, the remaining half of the cost being charged to the appropriation made for permanent sidewalks. This rule has worked to the advantage of both the Town and the petitioner — to the Town in that it is assured of double the amount of sidewalks of this nature called for by the appropriation and the petitioner in that he is assured of the work being promptly and properly done.

There are a number of sidewalks in the Town, particularly

along our main thoroughfares, that should be laid the coming year and the Board would strongly advise laying a sidewalk of a permanent character on Massachusetts Avenue from the present end of the permanent sidewalk at Marathon Street to the Cambridge line. This would accommodate a great number of our people and would add greatly to the appearance of the Avenue. A special appropriation will be asked for this work, the installation to be done under the provisions of the Sidewalk Act, allowing three to five years for the abutters o make payment.

Street Lighting

The appropriation for street lighting was $14,000 for 1918. Of this amount $13,067 was expended. Owing to the coal situation the lights were used on three different schedules during the year: 1st, the all-night schedule, which, at the request of the Fuel Committee, was abandoned; 2d, the moonlight schedule, which did not prove satisfactory; and lastly, back to the old one o'clock schedule. This schedule has continued up to the present time.

The value of the existing contract with the Edison Company was demonstrated during the year when an effort was made to include the coal clause in the cost of street lighting. This, by the terms of the contract, could not be done, and the Town, therefore, saved the amount that would have otherwise been charged were the contract not in existence.

It is estimated that there will be twelve new lights installed the coming year. Two estimates have been submitted to the Finance Committee for the coming year,— one based on the one o'clock schedule, with the lights turned on in the morning one hour before sunrise, between September 15 and April 15. This one hour in the morning would require an additional cost of about thirty-five dollars per month, but would be of great benefit to the citizens having occasion to go to their work in the early morning hours. For this schedule and service an appropriation of $13,750 will be required. The other estimate was based on the all-night lighting schedule, and will require an appropriation of $15,750. In view of the all-night schedule existing in surrounding places the Board would recommend the

latter appropriation, and the placing of the street lighting system on the all-night schedule.

Development of New Territory

In the development of the remaining area in Arlington for building purposes, the Board has adhered to the policy established some years ago of carefully considering all plans submitted for proposed layouts of this remaining territory. The problems encountered are many, but the Board has endeavored to meet these problems in a spirit of encouragement for a proper and beneficial development for the Town. It is not the policy of the Board to hinder, but on the contrary to encourage development where such development approaches the standard set by the Board. There are numerous tracts of land in our Town at the present time that can, by the character of the development, either mar or make the future of the Town. The future of the Town as determined by the uses of these areas is a serious problem and one which should attract the attention of all our citizens. Our Town is not a manufacturing town,— it is not an industrial center. It is essentially a residential town, and as such must be considered from the viewpoint of the home seeker,— the man who desires to make his home among us — to be a part of us and to contribute, in his taxes, his share toward the cost of maintaining our various activities at the same standard of efficiency that has characterized the Town in previous years. In order to do this it is essential that the citizens, particularly those more munificently endowed with this world's goods, interest themselves in these problems. These citizens can, if they will, acquire these areas — have them laid out in accordance with the previous mentioned established restrictions and setbacks, and, in short, so develop the property that the future of the Town is assured, and the public-spirited citizens doing the work are reimbursed by the enhanced value of the property. This method has been tried with advantageous results in other places and the Board would recommend to our citizens a very serious consideration of the plan as applied to Arlington.

The Board has received petitions for the approval of plans

for the layout of streets in various sections of the Town. These petitions, owing to the location of the land, the surroundings, and the ultimate detriment to the Town, were not granted.

The Board would, therefore, again urge that when property or land is contiguous to existing Town property the greatest care should be exercised in the determination of the development of that particular tract of land — to the end that the interests of the Town may be safeguarded.

Summer Street Boulevard

In the report of the Board last year mention was made of a petition from the Board to the Massachusetts Highway Commission and to the County Commissioners for the construction of Summer Street, from Mystic Street to Brattle Street.

As stated in previous reports, this street had been laid out by the Town to a width of fifty (50) feet, between these two points. The Town had also constructed a portion of the street between Grove and Mill Streets, and had paid the land damages for the widening necessary. At a conference between the State, County and Town officials it was agreed (and this agreement was later put in writing) that this street should be built as a continuance of the Boulevard laid last year. The terms of the agreement were that the Town should make an appropriation of $15,000, or one-third of the then estimated cost, the State and County to contribute one-third each of the cost up to $30,000. Any amount exceeding this sum was to be paid by the Town. A contract was made between the Board, representing the Town, and John E. Gaffey, of Medford, for the construction of the street under terms and specifications drawn by the Engineer of the Highway Commission, and the work was done under the supervision of the Engineers of that Division.

The work has been completed (with the exception of finishing retaining walls and sidewalks), and the expectations of the Board and of the citizens generally have been fully realized, as this street makes the connecting link between the established Boulevard from Brattle Street to Lexington, and from Mystic Street to the Medford Boulevard. The construction of this street also will relieve in a great measure the immense auto

traffic on Massachusetts Avenue. The completion and connecting of these boulevards is one of the greatest improvements accomplished in the Town for many years. The entire cost of this work has been well within the $30,000, so that one-third of the cost will be paid by the State and one-third by the County. The final figures are not made up at the writing of this report. It is to be hoped that the Boulevard from Mystic Street to Medford Street will be completed the coming spring. This work is to be done by the Metropolitan Park Commission.

Matters Pending

Owing to conditions existing on account of the war, the activities of the Joint Board have been largely curtailed.

As stated, there has been no action relative to the laying out of new streets, and no petitions have been received for pole locations or for attachment of wires, and nothing has been done as to track locations or relocations.

There are, however, some matters that if conditions warrant, the Board will take up the coming year. These matters relate to certain unaccepted streets, the proposed new way between the Boston and Maine tracks and the playground, the underground system of street lighting, street car traffic and other items of perhaps lesser importance.

REPORT OF THE SUPERINTENDENT OF WIRES

To the Honorable Board of Selectmen and Board of Public Works.

Gentlemen: I respectfully submit my nineteenth Annual Report as Superintendent of Wires for the year ending December 31, 1918.

Poles and Wires

During the year very few replacements of poles were made on the highways and also but few new poles were set in new locations. The scarcity of labor and curtailment of use of electrical materials by order of the Government of the United States did not permit electrical corporations making new extensions or repairs to existing systems other than absolutely necessary.

Street Lighting

In keeping with general financial conditions existing but few additional street lights were installed during the year. Six (6) 90 candle power and one (1) 600 candle power lights were added to the Town's lighting system, which is the smallest number of electric lights installed in any one year for a long period.

The street lights were operated on the "All Night" Schedule for the first three months of the year other than between February 23 to March 29 the "Moonlight Schedule" was put in operation in compliance with request of the Fuel Commissioner for conservation of fuel. From April 1 to December 31 street lights were operated between the hours of thirty (30) minutes after sundown to one (1) o'clock A.M.

Inspection of Wires in Buildings

With the small number of new buildings built during the past year, new construction for electrical systems greatly decreased from years in the past. Two hundred and twenty (220) inspections were made, covering principally minor work. No fires have occurred during the year from electrical sources.

Fire Alarm and Police Signals

These systems have given the excellent service as in the past. The Fire Alarm System was operated more times in the past year than ever before. Five thousand, four hundred and sixteen (5416) blows were sounded on the system during the year. On November 11 six hundred and seventy-eight (678) blows were sounded on the Fire Alarm, the greatest number in any one day since the Fire Alarm System was installed in the Town. On this date, in addition to special signals sounded for celebrating the "Signing of the Armistice," sixteen (16) false alarms were sounded.

Twenty-one hundred (2100) feet of 4-wire, lead encased cable were purchased during the year for extension of the underground wire systems of the Fire Alarm and Police Signal to replace aerial wires existing. Fifteen hundred and sixty-five (1565) feet of 4-wire, lead encased cable were installed on Massachusetts Avenue between Forest Street and to fire terminal post opposite Daniels Street. Eight hundred and five (805) feet of this cable were purchased in the year 1917. Thirteen hundred and forty (1340) feet of 4-wire cable are now on hand for extending underground wires from a point near the car barns at Heights to the Lexington Town line. All aerial wires were removed in the vicinity of Park and Massachusetts Avenues, with the putting into service of the underground wire

systems. One new cable terminal post was installed at corner of Massachusetts Avenue and Lowell Street.

Ten of the old type of Fire Alarm Boxes were equipped during the year with new signal wheels and improved electrical contact springs, and equipment for five more boxes has been purchased for replacement of old signal wheels in other boxes.

New maps of the Town showing location of Fire Alarm Boxes were furnished the Fire Departments of Medford and Somerville in accordance with the Mutual Aid Fire Alarm Systems existing between Arlington and these cities. On June 7 the Mutual Aid Fire Alarm System was put into service between the Central Fire Station in this Town and the West Medford and Central Fire Station in Medford; the final connecting up of this system having been delayed for some time on account of the remodeling and fireproofing of the Central Fire Station in Medford, and building of new fireproof fire alarm headquarters in that city.

One new Police Signal Box, No. 16, was put in commission May 22 on Lake Street opposite Newcomb Street, the box being purchased in 1917 and, owing to lack of help available, especially linemen, this installation was not completed until the above date.

Auto Emergency Wagon

The new Emergency Wagon of the Wire Department has proved its worth several times during the year, and on the night of the big storm, August 7, and the day following, this wagon was of great assistence with its equipment of tools and searchlights in clearing the highways of broken wires, trees, and poles. This wagon is now located at the Central Fire Station, on Broadway, is always ready for instant use, and same is equipped with a very complete outfit for emergency service.

In Conclusion

For the coming year I would respectfully recommend that a substantial appropriation be made for the replacement of old underground wires of the Fire Alarm and Police Signal

Systems, as nothing has been done in the past two years on this reconstruction owing to the high cost prevailing of wires needed for this purpose. As prices are falling in cost of wires, and as more help will be available than in the past few years, I consider it necessary this year to make a substantial start on the replacement of existing old underground wires, as same are becoming dangerous to depend upon for such important service as use for signal purposes.

I would recommend that an appropriation be made this year for installing a Mutual Aid Fire Alarm System between this Town and Lexington. With such a system both Towns will receive additional fire protection, and as this Town has discontinued the Fire Station at the Heights, this proposed new system will make fire apparatus available from Lexington to cover this section of the Town and elsewhere as required.

Respectfully submitted,

REUBEN W. LeBARON,
Superintendent of Wires.

REPORT OF PLANNING BOARD

Organization

The Planning Board of 1918 has the same membership as last year and no change has been made in the organization. The following members constitute the Board: Henry W. Hayes, Chairman, Harry G. Porter, James P. Parmenter, Cyrus E. Dallin, Robert W. Pond, Jacob Bitzer, Secretary.

Work for Planning Boards

A period of inactivity has existed during the year owing to war conditions. Everywhere public work and building have been suspended and all efforts centered upon the prosecution of the war. Now that peace is about to be declared and we are again approaching normal conditions, the Town will have to take up the public work where it was dropped at the beginning of the war.

Laying out of Streets

The street development of the Town is carried on under the authority of the Board of Survey, which carefully considers all plans for new developments. This Board has called the Planning Board into conference on the plans submitted of these new projects. The good judgment and practical experience of the Board of Survey have accomplished much in the proper development of the Town.

Building Lines on Massachusetts Avenue

The necessity of establishing building lines on Massachusetts Avenue has been clearly demonstrated during this year. A garage has been built on Massachusetts Avenue, opposite the junction of Appleton Street, which ought to have been set back at least ten feet from the sidewalk line, but owing to the fact

that we had no building lines the Town authorities were powerless and this building was placed close to the sidewalk line. This is entirely contrary to the best development of the Town and will undoubtedly cause future expense which might have been avoided.

Crusher Lot for Park Purposes

The Town owns thirteen and one-half acres of land valued at $16,200, located at the southerly end of Fessenden Road, which is not used by the Town for any purpose at the present time. The lot was considered at one time as a schoolhouse site, but when the matter was brought up in Town meeting the project was defeated.

The Board recommends that this lot be reserved by the Town for park purposes and placed in the care of the Park Commission, believing that the future needs of this section of the Town for a park and playground will have to be planned for at once.

Sucker Brook Improvement

The Metropolitan Water and Sewerage Board has prepared plans for a sewer to be built when the Massachusetts Avenue sewer is no longer adequate. When this sewer is built, the improvement of the brook should be made at the same time. A joint taking by the Town and Metropolitan Water and Sewerage Board and co-operation in carrying on this work would save both the State and Town considerable money. Before this work can be commenced, the Town should appropriate a small sum of money for the purpose of confining the waters of the brook in one channel by building up and straightening the banks. Conditions in the new High School lot demand that this section of the brook should be rebuilt as soon as money can be provided.

Summer Street State Highway

The most important development in the Town at this particular time is the completion of the State Highway. This year

the section between Grove and Mystic Streets has been widened and rebuilt, the cost being divided between the State Highway Commission, the County Commission and the Town. The section between Mystic Street and Medford Street will be finished next year by the Metropolitan Park Commission. This section would have been completed this year had unforeseen difficulties not arisen which caused delay and greater expense than estimated.

Development of the Cemetery

In connection with the construction of the boulevard, the Metropolitan Park Commission obtained permission from the Cemetery Commissioners of the Town to use the gravel obtained by grading that portion of the cemetery nearest Mystic Lake. By this arrangement the cemetery land was graded and reloamed with no expense to the Town.

Future Development

The Board has various projects under consideration, but does not desire to bring them forward until the finances of the Town will permit. It is the opinion of the Board that no large projects be undertaken until they are absolutely necessary, but present conditions ought not to prevent planning for the future. City and Town planning will save, not spend, public funds and unrelated, haphazard efforts are wasteful. Proper planning will promote public health, convenience and finances, make life more wholesome and the Town more beautiful.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen: Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1918.

The Engineering Department furnishes all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done, or contemplated, also keeps careful notes, measurements and locations of new work, additions, changes, and extensions as they may occur, and properly records the same for future reference by maps, plans or profiles.

Board of Survey: Comprising surveys, plans, etc.	117.15
Miscellaneous	28.05

No new street construction work was done this year.

Oxford Street from Massachusetts Avenue to Raleigh Street, which was constructed in 1917 by the abutting owners, was accepted by the Town on March 25, 1918.

One thousand four hundred eighty-four (1484) square yards of temporary tar walks were laid on Mystic Street by the Board of Public Works with its own employees, at an average cost of $0.68 per square yard.

Three hundred nine (309) square yards of granolithic sidewalks and one hundred fifty (150) lineal feet of granolithic curb were laid by contract and the work inspected by this department.

During the year a total length of four thousand one hundred five (4105) lineal feet of main sewers were constructed and fifty-eight (58) house connections were made; work having been done by the Board of Public Works employees. Sewer assessment plans of the work are all completed and assessments levied.

For details of the cost of this work, see Board of Public Works Report.

Lines and grades were given for laying two thousand sixty (2060) lineal feet of water mains and record plans made showing the location of new mains, hydrants, gates, etc.

A Board of Survey study was made for the layout of streets on land between Eastern Avenue and the Belmont Town Line, and Board of Survey plans for the following streets were made by this department: Aberdeen Road, Brand Street, Finley Street, Hospital Road, Madison Avenue from Westmoreland Avenue to Park Place, Montague Street from Crescent Hill Avenue to Orient Avenue, Orient Avenue from Westmoreland Avenue to Summer Street Extension, Perth Road, Sutherland Road, Waldo Road Extension, Westmoreland Avenue from Crescent Hill Avenue to Orient Avenue.

Street numbering plans of all new streets have been made, new buildings located and numbers assigned.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of structures for which permits were granted by the Joint Board during the year.

The Engineering Department has prepared plans and performed miscellaneous services for all the Town departments and for the Town Counsel.

It is the practice of the Superintendent to make recommenda-

tions concerning the different departments over which he has supervision directly to the Board in charge of that particular department. Consequently no recommendations are made in this general report.

Annexed to this report is a table giving the names of all streets in the Town, public and private, lengths, widths, and total mileage; also a table of general statistics pertaining to the Town.

Respectfully submitted,

GEORGE E. AHERN.
Town Engineer and Superintendent of Public Works.

Gentlemen: I herewith hand you my report as Town Counsel for the year ending December 31, 1918.

During the year the following cases in which the Town was a party were tried or otherwise disposed of:

Petition of the heirs of William H. Allen for assessment of damages for land taken near Tufts Street was tried before a jury and an award of $10,653.47 was rendered.

The case of Margaret Fitzpatrick against the Town for injuries caused by a defective sidewalk was settled in the middle of trial on the payment of $600.

The case of the Middlesex Acqueduct Co., to establish pipe line rights, was tried before the Land Court and stipulations entered into relative to the rights of the Town in Highland Avenue, the issue in which the Town was interested.

Suit was brought against the Boston Humus Co., to recover land in the Great Meadows on which they had certain contracts and the case was settled in favor of the Town and the contract cancelled. Since then new arrangements have been made for the letting of parts of the Great Meadows.

Suit was brought against Raymond Berry for the breaking of a hydrant and the same was settled in favor of the Town.

Petition was brought by Charles A. Pierce against the Town for assessment of damages for land taken on Forest Street and settled without trial.

The case of Wolfe v. Town for assessment of land damages was tried before a Commissioner and a settlement was made on his report.

The cases of Richard Barry and Pike against the Town for damages caused by land takings were settled by agreement.

Suit was brought by the Suburban Land Co. to establish

certain rights of way over the Great Meadows and several hearings were had before the Land Court and a stipulation was entered into whereby the Town acquires certain rights of way over the land of the Suburban Land Co. to the Pumping Station and the Suburban Land Co. waives rights of way over a part of the Great Meadows in exchange for rights granted by the Town. The final papers are not yet passed.

The Town was represented before the Public Service Commission and before the United States Circuit Court relative to the petition of Wallace B. Donham, Receiver, to establish fares on the Bay State Street Railway.

Hearings were had before the County Commissioners relative to the relocation of the lower end of Summer Street, growing out of the proposed widening.

In the Legislature the Town Counsel appeared and represented the Town before the various Committees on the:

Call Firemen Bill.

At the present time there are pending in the various Courts suits of:

Town v. American Tar Co. for damages caused by fire on Medford Street.

On July 1, 1918, the Town assumed its own workmen's compensation and the Town Counsel was appointed agent to investigate and care for claims under that Act. A small number of claims were made, but the Town has been to no expense on this account for the six months ending December 31, 1918.

In addition Town Counsel has prepared a large number of opinions, investigated contracts and in general attended to the routine matters of his office.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

I herewith submit my annual report as Tree Warden for the year ending December 31, 1918.

The work of this Department was greatly increased the past year by placing under the supervision of the Tree Warden the care of the several small grass plots and also the Town Hall grounds and the plowing and harrowing for the Public Safety Committee. Owing to the scarcity of labor many calls were made on this Department by private citizens for help in the care of their lawns, and I felt it was my duty as a public servant to co-operate with the citizens of the Town who were unable to procure labor, and I furnished them with men for the price paid by the Town. About thirteen acres of land were plowed and harrowed for the Public Safety Committee, the expense being borne by the persons ordering the work done.

During the month of August a severe hurricane passed through the Town, doing considerable damage to our shade trees in different sections of the Town. On several streets large trees were blown over and completely uprooted, blocking the streets to travel, and breaking many large limbs on other trees.

The employees of this Department, the Highway and Wire Departments worked all night and they are to be commended for the able and efficient manner in which they co-operated and had all the streets safe for travel at one o'clock. A severe tar fire occurred on Medford Street, and the trees on the left hand side were so badly damaged that it was necessary to remove nine of them. A claim for damage has been referred to the Town Counsel for adjustment. Many of our shade trees were damaged by the extreme cold of last winter, and in some cases where the roots were exposed or near the surface the tree was killed, while in other cases the roots have been so badly winter

killed that in my opinion they will not survive another year.

There were three hundred and fifty trees planted, and the usual amount of pruning and removing of dead wood was attended to. Many young trees which have not fully developed their root systems are pulled over and broken by boys, and I would suggest that the teachers in the grammar and high school grades caution the pupils from time to time about this mischievous practice.

The trees of the Town are as a whole practically free from leaf-eating insects, but the leopard moth is still with us and is very destructive. I would recommend that the sum of $1350 be appropriated this year. The increase is due to the increase of wages.

REPORT OF BOARD OF PARK COMMISSIONERS

ARLINGTON, MASS., January 10, 1919.

To the Board of Selectmen.

The parks and various plots in Arlington under charge of this Department, have received as good care during 1918, as the appropriation awarded to it would permit. No attempt was made at improvements on account of lack of funds.

Respectfully submitted,

GORHAM H. DAVIS,
Chairman.

REPORT OF BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1918.

At the Town Meeting held on March 4, 1918, Samuel E. Kimball was elected member of the Board for the term of three years vice Robert W. Pond whose term of office then expired. The Board organized on March 5 with the choice of Arthur Birch as Chairman.

On July 1 Samuel E. Kimball tendered his resignation as member of the Board of Public Works because of his physical condition. On July 15 Loren W. Marsh was elected by the Joint Board of Selectmen and Board of Public Works to fill until the next annual election the vacancy caused by the resignation of Mr. Kimball.

Appointments

At a meeting held March 5 Harold N. Willis was appointed Clerk of the Board, Water Registrar, Purchasing Agent and Bookkeeper. On March 11 George E. Ahern was appointed Superintendent of Public Works. These appointments were for the year ending April 1, 1919.

Meetings

The regular meetings are held each Monday evening. During the year the Board held fifty-one regular and two special meetings.

The following are the net expenditures made under the direction of the Board.

Highway Division	$63,781.74
Sewer Extensions	18,241.81
Sewer Maintenance	2,775.88
Water Extensions	10,344.13

Water Maintenance (includes interest, Town debt and Metropolitan Water Assessment)	$72,321.73
Health Department	19,806.88
Snow and Ice	6,335.43
	$193,607.60

Highway Division

Sixty-four thousand, two hundred dollars were appropriated by the Town at its March meeting for the use of the Highway Department during the year 1918. This appropriation was for general maintenance work and did not contemplate the reconstruction of any streets and consequently no reconstructing was done.

With the funds at its command, the Board endeavored to maintain its roads in good condition, to improve the condition of the sidewalks, maintain its surface drainage system and keep its buildings and equipment in repair. The Board feels, taking into consideration the very high cost of all materials used and an increase of from twenty to forty per cent in rate of wages, that this work was well done. The streets were patched wherever holes appeared and surfaces made as smooth as possible. To preserve the surfaces and to prevent dust, streets were treated with wearing coats of tar.

Breaks and holes in permanent tar sidewalks were patched and the dirt sidewalks, as far as possible, were improved with cinders or stone dust. Not as many temporary tar sidewalks were laid as contemplated as the government placed an embargo which made it impossible to procure tar during certain parts of the year.

Storm drains were repaired where necessary and systematically cleaned.

To maintain the surface of Massachusetts Avenue in good condition becomes each year more difficult and expensive. The present macadam surface cannot withstand the strain put upon it by the heavy traffic which passes over it and has constantly to be patched and should each year receive two treatments with tar to at all preserve the surface. Even then, the

roadway cannot be kept smooth, as the heavy trucks roll same into a wavy condition.

In 1917 on the north side of Massachusetts Avenue, between the Cambridge line and Teel Street, a strip of concrete roadway was built. The winter of 1917-1918 was extremely severe, yet this strip of road passed through same without cracking, and the surface is today in practically as good condition as when first constructed.

The Board believes that the whole of the roadway of Massachusetts Avenue should be reconstructed in a permanent manner and for 1919 will request an appropriation to continue permanent reconstruction.

The Board is of the opinion that as soon as the finances of the Town warrant, a start should be made toward the development of a Town yard, in which buildings and other structures properly located and constructed in a permanent manner to meet the requirements of the Highway, Sewer, Water, Health and other departments as may appear necessary should be placed; that all construction there done should be part of a carefully laid out and comprehensive plan, capable of expansion as requirements may develop.

Reference to tables 1 and 2 will show the details of maintenance and construction.

The value of the property controlled by the Highway Division, January 1, 1919, amounted to $27,891.20, classified as follows:

Health Department

On February 4 of this year the Board of Public Works took over from the Board of Health the collection of offal, ashes, rubbish, etc. This change was made because, after several conferences, it was the opinion of both Boards that this work could be done more economically by the Board of Public Works, which has under its control a sufficient number of horses for this work, whereas the Board of Health had to hire its horses. Furthermore, especially during the winter months when street work, with the exception of that on snow and ice, is practically at a standstill, more employment for Town horses could be found and the Superintendent be able to dovetail in the collection of waste material with his other work. The results have been most satisfactory, for despite the fact that labor costs rose during the year to a point beyond that estimated at the time the appropriation was asked for, the work was done within that appropriation.

During the year, the equivalent of 7291 single cart loads of ashes were collected and hauled by the various teams, an increase of about 17 per cent over the previous year; 1081 wagon loads of waste paper were collected, an increase of about 9 per cent. The collection of garbage amounted to 320 cords, an increase of 7 per cent for the year.

Each year there is a natural increase over the previous year in the amount of ashes, offal and rubbish to be collected and the cost of this collection depends not only upon the increase of quantities, but more particularly upon the cost of labor, as labor either man or horse, constitutes almost the entire expense. Details of this work will be found in Table 3.

WATER DIVISION

This section of the country was visited the first three months of this year with a protracted period of cold weather, which from a water supply standpoint may well be called a calamity. The frost penetrated the ground in some cases to a depth of over seven feet and water mains and water service connections were everywhere frozen. This department was called upon to work day and night to relieve the situation. Six hundred and fifty-one frozen services and nine frozen mains were thawed; ninety by the use of electricity; the balance with hot water or steam. After the ground thawed out, thirty-seven leaks appeared in service pipes and were repaired. The cost of the care and repair of services for the first four months of the year was $6500, against a normal expense of but $1000.

In April the department moved its shop from Mill Street to the old almshouse property on Summer Street, thus locating all departments at one center. This old property, which has been for some time idle, was turned over by the Selectmen to the Board of Public Works and by them altered over and renovated, one-half of the building now being used by the Water Department, the other half is a tenement which is let, from which the Town receives a revenue. Owing to this change in location, a night watchman is no longer necessary, and other economies have resulted, some of which, although not directly traceable, are just as certain.

Two thousand and seventy-five feet of water mains were laid during the year and connected with the Metropolitan system. Details of this construction will be found in Table 6.

The value of the property controlled by the Water Division January 1, 1919, amounts to $21,082.77, of which $10,099.50 is invested in buildings, equipment and tools, and $10,983.27 in material available for new work.

Services

Sixty-eight new services have been added during the year and seven services abandoned. There are for all purposes 1770 services on the low, 1453 on the high, and 12 on the old reservoir

system. On the Metropolitan water supply there are 23 services for municipal buildings included in the above and 11 for street-watering standpipes and 37 for sewer flushing purposes. On January 1, 1919, 159 services were temporarily out of use.

Meters

Sixty-one meters were set on services installed during 1916, 1917 and 1918. The total number of meters in use January 1, 1919, is 3177.

REPORT OF PUBLIC SAFETY COMMITTEE

The same Committee appointed in 1917 to serve as a Committee on Public Safety continued to serve in this capacity during the past year.

This report of the activities of the Committee will, at this time, be brief, as, in the opinion of the Committee, a separate and detailed report should be made covering not only the work of this Committee, but also the many activities in which the people of Arlington took part during the period of the war. These activities are many, and in order that full recognition may be given it has been deemed wise to have a comprehensive report written by the heads of the various groups of men, women and children, who so ably assisted in the particular branch of work to which they were assigned.

During the year the following Committees have continued to render assistance: Food Conservation and Production, Protection of Public Property, Co-ordination of Societies, Fuel Conservation, Liberty Loans, State Guard, Truck and Motor Cars, and Publicity.

The Arlington Branch of the American Red Cross has continued to do everything in its power for the soldiers and sailors, and for the families of these men wherever assistance was needed.

In Flanders Fields

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.

Take up our quarrel with the foe;
To you from falling hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die,
We shall not sleep, though poppies grow
In Flanders fields.

—*Lieutenant-Colonel John McCrae.*
